

hobby!

The Czech Republic has a new vanity perfin on its stamps: it's the pattern of the Trutnov Collector's Philatelic Club. They're not a perfins group; they focus on stamps in general and especially on postal history of their region of the Republic—the Trutnov-Krkonose-Green

Mountains area. Our thanks to Vladimír Munzberger (#3490) for bringing this new vanity pattern to our attention.
